George Panos

My family and I have been residents of Barrington Hills since 2005. My wife Nikki and my two daughters have been very grateful for what the community has had to offer for the past nine years. We have a vested interest in the wellbeing and advancement of our community. I have been the president of our homeowners association since its inception.

My wife Nikki was a member of the Village of Barrington Hills Communications Committee for several years. I am a graduate of the University of Illinois, graduate of the University of Illinois Dental School and I completed an Oral and Maxillofacial Surgery residency at Cook County Hospital. I have been actively involved in post graduate education approaching twenty years. I was also president of the Hellenic American Dental Society.

I am looking forward to the opportunity to be involved with the Village Board and the wellbeing of our law enforcement community.
